Rooted in the Tradition of St Francis and St Clare, the Franciscan Solidarity Tables are intended to enkindle the Spirit of God within us, to move us toward being a community of love in action. In justice and support, we are inspired to set tables of peace and friendship, which nourish action in the public square.

The purpose of the Solidarity Tables is to organize groups of Franciscans and Franciscan hearted people to work together to build community and to advocate with the Franciscan family in the areas of peace, justice, and the care of creation. These qualities are intrinsic to our Franciscan charism. We propose to help each group to deepen its knowledge and spiritual awareness of the Franciscan tradition from which these values come.

Each Solidarity Table will develop in its own locale. Each group will discover its purpose in relation to the organizing and advocacy work that Franciscans are already doing in that location. Some groups will support and help form the works that are already happening. Some groups will develop their own plans of action around organizing and advocacy in relation to the local needs. All of these groups will be networks for sharing information on the local level. These groups will also be conduits for sharing information with and from the national office of the Franciscan Action Network.

For more information, please contact Jason Miller at jmiller@franciscanaction.org or Brother Ed Falsey at efalsey@franciscanaction.org or you can call the office at 202-527-7568.
